## How do I upload multiple photos?

On OfficialMe, you can upload multiple photos from your device storage or gallery. ***There is no limit.***

1. To take a photo, click on the round green button with the + sign on the main timeline screen.
2. Once the menu pops up, click on **Pick from Gallery**. Note you will have to accept permissions for the app to access the camera functions.
3. Once opened, you can choose multiple photos to upload. You can browse by all images, videos or by folder on your device.
4. You can choose as many photos as you'd like to upload as there is no limit set.
5. Once the selection is done, click the checkmark in the right hand corner to go to the post screen.
6. On the post screen, select the album or circle you wish to put these in. (You can create add'l albums or circles if needed here as well)
7. Add a description, place and or watermark if you wish to use these options.
8. Then click the checkmark in the right hand corner to post it.
